

Jérôme Collin

Managing Partner
International Director

Offices: U.S. Desk, Japan Desk, Paris, Munich

email: collin@Regimbeau.eu

Languages: French, English, German

Background

After several years of experience in the development and management of technology, Jerome Collin joined Regimbeau in 1997 and became a partner in 2005.

Jérôme is active in the fields of engineering, semiconductors, telecommunications and medical devices. His expertise covers the acquisition and the use of Industrial Property rights (including oppositions, litigation, and transactions). He has a long experience in IP asset evaluations (audits and due diligence, financial valuation).

As the International Director of Regimbeau Jérôme leads the international actions of the firm, and coordinates the relationship with its network of foreign associates.

An active member of FICPI (currently FICPI Special Reporter on Substantive Patent Law Harmonization after serving several years as Chair of the Committee "International Patent Matters" of FICPI), he regularly speaks in international events. Jérôme is also the French Delegate in the Professional Excellence Committee of the European Patent Institute (epi).
